Challenges

Needed a scalable, enterprise-ready solution for patching servers and critical applications.

Competitor solutions (Zoho, Ivanti, Tanium) were either insufficiently mature, too complex, or lacked enterprise readiness.

Required strong automation and compliance capabilities at scale.

Deployed HCL BigFix Patch to standardize and automate patch management across Windows and critical applications.

Improved patching efficiency, enhanced compliance, and ensured enterprise-grade operational readiness.

We helped deliver

Improved patch automation and operational efficiency.

Enhanced compliance posture with enterprise-grade patch management.

A scalable solution that met enterprise IT and security requirements.
